AGENDA & PROGRAM OBJECTIVES

8:00 – 8:15 a.m.

DANA Business Meeting

Barbara Evans, MSN, CRNA has maintained a clinical practice with Anesthesia Services, PA since graduating from Drexel University in 2009. She is the CRNA Clinical Coordinator at Christiana Hospital and also specializes in cardiac anesthesia. Barbara has been an advocate for CRNAs and patients within Christiana Care Health System (CCHS). She is a leader in the development and implementation of Enhanced Recovery After Surgery (ERAS) pathways within CCHS. At Christiana Hospital, Barbara initiated a standardized handoff communication tool for anesthesia providers to enhance safe patient care throughout the perioperative process. Barbara has served on the Delaware Association of Nurse Anesthetists (DANA) Board of Directors in various positions and has been active on many committees. She currently serves as the 2019-2020 DANA president.

At the conclusion, the participants will be able to:

1. Discuss the current affairs of DANA, including committee updates, fiscal status, legal and legislative issues surrounding CRNA practice, and projects of the board and committees for both current and next fiscal year.
2. Introduction of new board members based upon voting results.

DANA Business Meeting Standing Rules

- Any member wishing to speak on an issue must raise his/her hand, wait to be recognized by the Chair and introduce him/herself. The member will then speak to the issue.
- No member will speak more than once on the same issue without majority consent of the assembly.
- All matters voted upon during this meeting will take effect immediately following adjournment of the meeting unless otherwise specified during the vote.
- All active certified/recertified members were sent a ballot for election of the Board of Directors and Nominating Committee electronically. All completed votes were received by DANA's association management firm. Election results were not disclosed to anyone and were brought here today by our Executive Director. The results were given to our Tellers in a sealed envelope. Official results will be opened in front of the membership present at this meeting.
- Any other matters that will require voting will be handled by a show of hands. Official tellers will count hand votes.
- All items voted upon pass or fail by a majority vote, except any bylaws changes, which must pass a two-thirds vote to take effect.
- Professional decorum shall be maintained by all members at all times. Only one member, when recognized by the Chair, may speak at a time on an issue.

DANA Business Meeting Agenda

8:00 – 8:05 a.m. **Barbara Evans, President**

- Call to order
- Establish a Quorum
- Review of meeting rules
- Approval of the 2019 Annual Meeting Minutes

8:30 – 8:45 a.m. **Ronald R. Castaldo, Ph.D., MBA, MS, CRNA, APRN**
State Update/DE Board of Nursing Update

8:45 – 9:00 a.m. **Chris DiPietro**
Lobbyist's Update

***Barbara Evans, MSN, CRNA** has maintained a clinical practice with Anesthesia Services, PA since graduating from Drexel University in 2009. She is the CRNA Clinical Coordinator at Christiana Hospital and also specializes in cardiac anesthesia. Barbara has been an advocate for CRNAs and patients within Christiana Care Health System (CCHS). She is a leader in the development and implementation of Enhanced Recovery After Surgery (ERAS) pathways within CCHS. At Christiana Hospital, Barbara initiated a standardized handoff communication tool for anesthesia providers to enhance safe patient care throughout the perioperative process. Barbara has served on the Delaware Association of Nurse Anesthetists (DANA) Board of Directors in various positions and has been active on many committees. She currently serves as the 2019-2020 DANA president.*

***Ronald R. Castaldo, Ph.D., MBA, MS, CRNA, APRN** is a staff nurse anesthetist with Anesthesia Services P.A., Past President of the Delaware Association of Nurse Anesthetists (DANA), Chair, AANA Foundation Board of Trustees, and Delaware State Advocate, AANA Foundation, and President & APRN Member of the Delaware Board of Nursing. Dr. Castaldo received his Master of Science degree from Columbia University, and his Bachelor of Science in Nursing and Doctor of Philosophy degrees from the University of Delaware.*

Chris DiPietro owns and operates CDi Consulting Services which provides government relations and association management services to clients in Maryland and Delaware. CDi currently represents clients in the healthcare, financial services and technology sectors. CDi is proud to represent the Delaware Association of Nurse Anesthetist since 2002. Prior to his career in government relations, Mr. DiPietro worked 10 years for NationsBank (now Bank of America). Mr. DiPietro resides in Baltimore City but is most happy when he gets to spend time at his home in Lewes, Delaware.

At the conclusion, the participants will be able to:

1. Discuss the current affairs of DANA, including committee updates, fiscal status, legal and legislative issues surrounding CRNA practice, and projects of the board and committees for both current and next fiscal year.
2. Understand the latest legislative updates surrounding CRNA practice.
3. Understand updates on both state and nationwide nursing legislative trends, including a review.

9:00 – 9:10 a.m.

Sponsor Remarks - Diamond State Financial Group

9:10 – 10:10 a.m.

Perioperative Management of Cardiac Implantable Electronic Devices (CIEDs)

Jeffrey Luebbert, MD is a Clinical Cardiac Electrophysiologist at the University of Pennsylvania Perleman School of medicine. He is an assistant professor of medicine and the assistant director of the electrophysiology laboratory at Pennsylvania Hospital. His practice is focused on the diagnosis, management and follow up of all arrhythmias as well as the management of cardiac implantable electronic devices.

At the conclusion, the participants will be able to:

1. Understand differences in types of cardiac implantable electronic devices.
2. Understand the use of magnet application for perioperative management for pacemakers.
3. Understand the use of magnet application for perioperative management of ICDs
4. Recognize the complications of perioperative management of CIEDs and how to avoid them.
5. Determine what is appropriate for outpatient surgicenter care with no backup, what is appropriate for inpatient hospital surgery and how can you optimize/risk stratify your patients for safety and efficiency.

10:10 – 10:25 a.m.

Break

10:25 – 10:35 a.m.

Sponsor Remarks – Anesthesia Services, P.A.

10:35 – 11:35 a.m.

Multimodal Analgesia for Colorectal Surgery: A Retrospective Evaluation of an Enhanced Recovery Protocol

Andrew J. Candelore, DNP, CRNA recently graduated from Thomas Jefferson University's DNP-CRNA program class of 2020. Andrew gained clinical anesthesia experience as a SRNA with Anesthesia Services, P.A. at Christiana Care, where he has recently accepted a CRNA position. His doctoral studies focused on the implementation and evaluation of the Enhance Recovery After Surgery Program at Christiana Care. As a SRNA, he was actively involved in DANA as a student representative. Andrew is excited to start his career as a Delaware CRNA and remain an active member of DANA!

Andrea Mazzei, DNP, CRNA is a recent graduate of Thomas Jefferson University's Nurse Anesthesia Doctor of Nursing Practice (DNP) Program. As a student registered nurse anesthetist (SRNA), Andrea actively participated in DANA activities and served as the DANA Student Liaison. In 2019, Andrea was the recipient of the Edward Hyland Scholarship sponsored by the American Association of Nurse Anesthetists (AANA). Andrea is proud to have been trained by the anesthesia providers of Anesthesia Services, P.A. (ASPA) at Christiana Care and plans to start her career as a CRNA with Rancocas Anesthesiology at Jefferson Health New Jersey.

Robert Wolfrom, DNP, CRNA recently graduated from Thomas Jefferson University's DNP-CRNA program class of 2020. Robert current works at Trident Anesthesia Group in Charleston SC.

At the conclusion, participants will be able to:

1. Identify challenges associated with traditional anesthetic approaches to pain management for colorectal surgical patients.
2. Recognize the impact of perioperative opioid exposure on continued postoperative opioid dependence.
3. Compare the outcomes of colorectal surgical patients receiving traditional anesthesia care and multimodal analgesia.
4. Integrate evidence-based, opioid-sparing multimodal approaches into their practice to improve patient outcomes.

11:35 – 11:45 a.m.

Sponsor Remarks – Villanova University M. Louise Fitzpatrick College of Nursing

11:45 – 12:45 p.m.

What is the PAC and Why Should I Care?

Carrie E. Kenney, MSN, CRNA, FNP-C, APRN, CPAN is a staff nurse anesthetist with Anesthesia Services, P.A. since graduating from Drexel University, Nurse Anesthesia Program in 2009. She is the Clinical Coordinator for the Bear Glasgow Dental Center. Ms. Kenney is also a Family Nurse Practitioner who has worked at multiple Urgent Care Centers throughout Delaware since graduating from Wilmington University with her MSN, Family Nurse Practitioner in 2001. Ms. Kenney has served as the Vice President (twice) and the Upstate Director of the Delaware Association of Nurse Anesthetists. She is currently the DANA PAC Chair. Ms. Kenney has served on the Delaware Association of Nurse Anesthetists Professional Development Committee, Political Action Committee, and Public Relations Committee. Ms. Kenney is currently a Doctor of Nursing Practice candidate at Villanova University.

Karen Nye, CRNA currently serves as the past president of the Ohio State Association of Nurse Anesthetists (OSANA) and former OSANA Political Action Committee (PAC) chair. She attended the Cleveland Clinic School of Nurse Anesthesia and is currently finishing her MSN in nursing education. She has practiced anesthesia for over 30 years and worked in hospitals, outpatient surgery practices and endoscopy centers. She is the owner of Nye Eye Anesthesia, an all CRNA group. Karen recognized the need to provide OSANA PAC education to Ohio CRNAs and SRNAs. Through her leadership, the PAC was able to greatly increase member awareness, engagement and PAC funds. She hopes that by sharing her OSANA PAC success story, she can provide PAC insight and ideas to DANA.

At the conclusion, participants will be able to:

1. Describe the function of DANA PAC.
2. Analyze the importance of the PAC to Delaware CRNAs.
3. Discuss state PAC fundraising and engagement ideas for members and students.
4. Identify strategies on a state level for establishing relationships with legislators.
5. Understand the impact of the PAC efforts and the results.

12:45 – 12:55 p.m.

Sponsor Remarks – Bay Anesthesia Associates

12:55 – 1:55 p.m.

Engaging and Equipping Front Line CRNAs to Solve Clinical Problems and Implement Evidence-Based Practices

Leslie Jackson, CRNA is the Lead CRNA at Nemours A.I. duPont Hospital for Children. She provides anesthesia for a vast range of patients with a wide variety of conditions in the general operating room. She started her career as a registered nurse in 1997. She completed a Bachelor of Science in nursing at University of Maryland in 2003 then went on to acquire a master's of science in nursing at Georgetown University – becoming a CRNA - in 2006. In 2015 Leslie completed a doctorate of nursing practice at Villanova University. During her service as chair for the Nemours Advanced Practice Shared Governance Council Leslie was instrumental in developing an Advanced Practice Nurse Professional Advancement Program. This program provides recognition and financial incentives for scholarly work and project implementation. Leslie is deeply invested in outcomes at Nemours. Fostering engagement for her colleagues is central to this mission.

At the conclusion, participants will be able to:

1. Describe the professional advancement model for advanced practice nurses with examples of qualifying scholarly work, mentorship, and evidence-based project implementation.
2. Analysis of data collection including the Misener APRN job satisfaction survey tool.
3. Barriers to implementation, program sustainability, and opportunities for improvement.

1:55 – 2:00 p.m.

Closing Remarks/Adjournment

THE VILLANOVA DOCTOR OF NURSING PRACTICE

The Post-Master's Doctor of Nursing Practice degree at Villanova University prepares Advanced Practice Nurses and Nurse Executives with knowledge in evidence-based practice, organizational leadership and financial acumen to lead innovation in nursing practice and health care.

Carrie Kenney, MSN, CRNA, FNP-C, APRN, CPAN

Staff CRNA for Anesthesia Services, P.A.
Christiana Care Hospital, Newark Campus

As a Post-Master's CRNA, I was looking for a DNP program that had evening classes with integrated on-campus and online learning. I also had tremendous support from faculty and felt as if the director of the DNP program was as passionate about my potential DNP project as I was - the interest and enthusiasm I received, was very inspiring! I knew the structure and "personal feel" of Villanova University's Post Master's DNP Track was perfect for me.

Captain David J. Krasucki, DNP, CRNA, USAF, NC

Staff CRNA, David Grant USAF Medical Center, Travis AFB, CA

I chose Villanova for its knowledge and flexible faculty, its national reputation, and its deep-rooted community. No matter where I have been or where I am going, I know that my degree from Villanova stands out.

DNP Application Deadline: March 1, 2021

Virtual Information Session: October 14; 7pm ET
