

2021 Annual Meeting

PROGRAM

October 15-17, 2021

**Hyatt Place Dewey Beach
Dewey Beach, DE**

AGENDA-AT-A-GLANCE

FRIDAY, OCTOBER 15, 2021

Time	Session
7:00 – 9:00 p.m.	<p align="center">Welcome Reception at the Lighthouse Restaurant Sponsored by Anesthesia Services, P.A.</p>

SATURDAY, OCTOBER 16, 2021

Time	Session	Speaker
7:00 – 8:00 a.m.	Registration & Continental Breakfast Sponsored by Bayhealth	
7:30 – 8:00 a.m.	DANA Business Meeting *DANA Members Only*	Jacqueline M. Mainwaring, DNP, MS, CRNA, APRN
8:00 – 9:00 a.m.	President's Report, DANA-PAC Update, AANA Foundation Update, State Update & Lobbyist Update	<p>Jacqueline M. Mainwaring, DNP, MS, CRNA, APRN</p> <p>Carrie E. Kenney, MSN, CRNA, FNP-C, APRN, CPAN</p> <p>Ronald Castaldo, PhD, MBA, MS, CRNA, APRN</p> <p>Chris DiPietro (DANA Lobbyist)</p>
9:00 – 9:20 a.m.	Break Sponsored by Diamond State Financial Group	
9:20 – 10:20 a.m.	"ERAS and Opioid Free Anesthesia"	Mark J. Haffey MSN, CRNA, APRN
10:20 – 11:20 a.m.	"Professional Advocacy and Politics 101 & Board Update for States"	Jennifer Schmitt MS, CRNA, APRN
11:20 – 12:20 p.m.	"It's the little things: How to perform safe inpatient and outpatient Esophagogastroduodenoscopy (EGD) and colonoscopy procedures"	Dr. Sheila Harris, CRNA
12:20 – 1:20 p.m.	Lunch	
1:20 – 2:20 p.m.	"Perioperative Considerations of the Cosmetic Surgical Patient"	Abdollah Malek, M.D.
2:20 – 3:20 p.m.	"Advanced Hemodynamic Monitoring and Hemodynamic Optimization in the Cardiothoracic Surgical Arena"	Richard Bengel MS, PA-C

3:20 – 3:35 p.m.	Break Sponsored by Bay Anesthesia Associates, LLC	
3:35 – 4:35 p.m.	“Surgical Fire Safety – What You Really Need to Know”	Darren Osleger
4:35 p.m.	Adjourn	
6:30 – 9:30 p.m.	PAC Fundraising Event Location: The Crab House 19598 Coastal Highway, Rehoboth Beach, DE	

SUNDAY, OCTOBER 17, 2021

Time	Session	Speaker
6:30 – 7:15 a.m.	Yoga Session with Danielle Cobb	
8:00 – 8:30 a.m.	Registration & Hot Breakfast Buffet	
8:30 – 9:30 a.m.	“It’s Time to Regulate! Nursing Regulation & Independent Practice Update for CRNAs”	Ronald R. Castaldo, Ph.D., MBA, MS, CRNA, APRN
9:30 – 10:30 a.m.	“Cognitive Dysfunction: Anesthesia’s Silent Side-Effect”	Mark J. Haffey MSN, CRNA, APRN
10:30 – 11:30 a.m.	“Holy COWS, How Do We Manage Perioperative Patients with Opioid Use Disorder?”	Lisa A. Wallace MSN, ARPN, FNP-BC
11:30 p.m.	Adjourn Electronic evaluations will be sent via email after the conference. Please stop by the registration desk to receive your continuing education certificate.

AGENDA & PROGRAM OBJECTIVES

FRIDAY, OCTOBER 15, 2021

7:00 – 9:00 p.m.

Welcome Reception

Sponsored by:

SATURDAY, OCTOBER 16, 2021

7:00 – 8:00 a.m.

Registration and Continental Breakfast

Sponsored by:

7:30 – 8:00 a.m.

DANA Business Meeting

At the conclusion, the participants will be able to:

1. Discuss the current affairs of DANA, including committee updates, fiscal status, legal and legislative issues surrounding CRNA practice, and projects of the board and committees for both current and next fiscal year.
2. Introduction of new board members based upon voting results.

DANA Business Meeting Standing Rules

- Any member wishing to speak on an issue must raise his/her hand, wait to be recognized by the Chair and introduce him/herself. The member will then speak to the issue.
- No member will speak more than once on the same issue without majority consent of the assembly.
- All matters voted upon during this meeting will take effect immediately following adjournment of the meeting unless otherwise specified during the vote.
- All active certified/recertified members were sent a ballot for election of the Board of Directors and Nominating Committee electronically. All completed votes were received by DANA's association management firm. Election results were not disclosed to anyone and were brought here today by our Executive Director. The results were given to our Tellers in a sealed envelope. Official results will be opened in front of the membership present at this meeting.
- Any other matters that will require voting will be handled by a show of hands. Official tellers will count hand votes.

- All items voted upon pass or fail by a majority vote, except any bylaws changes, which must pass a two-thirds vote to take effect.
- Professional decorum shall be maintained by all members at all times. Only one member, when recognized by the Chair, may speak at a time on an issue.

DANA Business Meeting Agenda

- 7:30 – 7:40 a.m. **Jacqui Mainwaring, President**
- Call to order
 - Establish a Quorum
 - Review of meeting rules
 - Approval of the 2020 Annual Meeting Minutes
- 7:40 – 7:50 a.m. **Timothy Holleran, Treasurer**
- Treasurer's Report
- 7:50 – 8:00 a.m. **Business Meeting Tellers**
- Election Results
- 8:00 a.m. **Adjournment**

8:00 – 9:00 a.m.

President's Report, DANA-PAC Update, State Update, AANA Foundation Update & Lobbyist Update

- 8:15 – 8:25 a.m. **Jacqui Mainwaring, DNP, MS, CRNA, APRN**
President's Report (Year in Review)
- 8:25 – 8:35 a.m. **Carrie E. Kenney, MSN, CRNA, FNP-C, APRN, CPAN**
DANA-PAC Update
- 8:35 – 8:50 a.m. **Ronald R. Castaldo, Ph.D., MBA, MS, CRNA, APRN**
AANA Foundation Update
- 8:50 – 9:00 a.m. **Chris DiPietro**
State Update & Lobbyist's Update

***Jacqui Mainwaring, DNP, MS, CRNA, APRN** is an Assistant Professor and Program Director at Thomas Jefferson University, teaching full-time in their DNP Nurse Anesthesia Program. She maintains a clinical practice at ASPA, where she has worked since graduating from anesthesia school in 1996 from the Medical College of Pennsylvania. Jacqui graduated from Wilmington University in 2018 with her DNP, and the focus of her project was the impact of mindfulness-based resilience practice on burnout among anesthesia professionals. Currently, she is attending IUP pursuing her PhD in nursing education, where she will further continue her research on burnout, stress, and wellness.*

***Carrie E. Kenney, MSN, CRNA, FNP-C, APRN, CPAN** is a staff nurse anesthetist with Anesthesia Services, P.A. since graduating from Drexel University, Nurse Anesthesia Program in 2009. She is the Clinical Coordinator for the Bear Glasgow Dental Center. Ms. Kenney is also a Family Nurse Practitioner who has worked at multiple Urgent Care Centers throughout Delaware since graduating from Wilmington*

University with her MSN, Family Nurse Practitioner in 2001. Ms. Kenney has served as the Vice President (twice) and the Upstate Director of the Delaware Association of Nurse Anesthetists. She is currently the DANA President-Elect and DANA-PAC Chair. Ms. Kenney has served on the Delaware Association of Nurse Anesthetists Professional Development Committee, Political Action Committee, and Public Relations Committee. Ms. Kenney is currently a Doctor of Nursing Practice candidate at Villanova University. She has been acknowledged in 2021 Delaware Today magazine as one of Delaware's Top Nurses.

Ronald R. Castaldo, Ph.D., MBA, MS, CRNA, APRN is a staff nurse anesthetist with Anesthesia Services P.A., Past President of the Delaware Association of Nurse Anesthetists (DANA), FY 2021 Chair of the AANA Foundation Board of Trustees & Delaware State Advocate of the AANA Foundation, and Immediate Past President & APRN Member of the Delaware Board of Nursing. Dr. Castaldo received his Master of Science degree from Columbia University and his Bachelor of Science in Nursing and Doctor of Philosophy degrees from the University of Delaware.

Chris DiPietro owns and operates CDi Consulting Services which provides government relations and association management services to clients in Maryland and Delaware. CDi currently represents clients in the healthcare, financial services and technology sectors. CDi is proud to represent the Delaware Association of Nurse Anesthetist since 2002. Prior to his career in government relations, Mr. DiPietro worked 10 years for NationsBank (now Bank of America). Mr. DiPietro resides in Baltimore City but is most happy when he gets to spend time at his home in Lewes, Delaware.

At the conclusion, the participants will be able to:

1. Discuss the current affairs of DANA, including committee updates, fiscal status, legal and legislative issues surrounding CRNA practice, and projects of the board and committees for both current and next fiscal year.
2. Understand the latest legislative updates surrounding CRNA practice.
3. Explain the mission, vision, and major work of the AANA Foundation.
4. Explain the multiple events, programs, and awards managed by the Foundation.
5. Recognize the significance of the State Advocate role.

9:00 – 9:20 a.m.

Break

Sponsored by:

9:20 – 10:20 a.m.

ERAS and Opioid Free Anesthesia

Mark J. Haffey MSN, CRNA, APRN is a Certified Registered Nurse Anesthetist at Avera McKennan Hospital and University Health Center in Sioux Falls, SD. He received his anesthesia training at the Wake Forest Baptist Medical Center Nurse Anesthesia Program including a Master of Science in Nursing from the University of North Carolina-Greensboro. His Bachelor of Science in Nursing is from Kansas University as well as a Bachelor of Arts in Biology from MidAmerica Nazarene University. Currently serving in his 20th year as a CRNA, his clinical expertise includes Otolaryngology, Ophthalmology, Oral Surgery, Plastics, and Vascular sections where he served as Service Specialist while at Vanderbilt University Medical Center. He has served on fluid management and patient satisfaction advisory boards as well as pharmaceutical advisory boards. Mark is also constantly looking for

opportunities to advance and advocate nurse anesthesia practice. He also served in the ED and ICU of his hospital as part of a specialized COVID Team. Mark served as Vice President on the AANA BOD and has served in many leadership roles at both the state and national level. Outside of the OR, Mark serves as a youth sponsor for his church, which keeps him young at heart. Mark also enjoys spending his free time playing competitive softball, fishing, and hunting as well as being an AWESOME Dad to his two children Brooklyn(14) and Brett(13) who keep him on the go with Competitive Softball, football, baseball, and basketball, as well as a welcome participant in whatever game that can be made up. Mark and his wonderful wife Barbara also enjoy travelling and scuba diving.

At the conclusion, the participants will be able to:

1. Identify key components of ERAS.
2. List key pharmacologic agents associated with Opioid Free Anesthesia.
3. Identify ideal surgical cases to apply ERAS.

10:20 – 11:20 a.m.

Professional Advocacy and Politics 101 & Board Update for States

Jennifer Schmitt MS, CRNA, APRN currently serves as the AANA Region 4 director. She lives in Oklahoma City with her two children, Caitlyn (12) and Luke (3). Jennifer is a Certified Registered Nurse Anesthetist and graduated in 2014 from Mayo Clinic Health Sciences School of Nurse Anesthesia in La Crosse, Wisconsin. She is currently affiliated with McBride Orthopedic Hospital in Oklahoma City. Her passion, as many of you know, is to advocate for CRNAs. Jennifer worked with a great team of people to help lead Oklahoma to become an unsupervised, opt-out state over the last 2 years. She has served on the AANA Government Relations Committee for the last two years, most recently as Chair. Jennifer is also the past president of OANA, where she served on OANA's board for 6 years. In her free time, Jennifer enjoys hobbies including woodworking, building furniture, reading, listening to music, and playing the piano.

At the conclusion, participants will be able to:

1. Gain a better understanding of best practices in Government Relations
2. Understand the basic principles in how to effectively lobby and advocate for a piece of legislation or CRNA issue, including supervision removal and AAs.
3. Review of proper political etiquette, how to active grassroots efforts, coalition building, and building relationships with members of the legislature. Also the importance of PAC in the political process.
4. Describe trends in AANA membership demographics, education, employment, and public relations.
5. Discuss current nurse anesthesia legislative initiatives and strategies, as well as issues affecting practice.
6. Discuss initiatives regarding CRNA Wellness, PAC, and research.

11:20 – 12:20 p.m.

“It’s the little things” How to Perform Safe Inpatient and Outpatient Esophagogastroduodenoscopy (EGD) and Colonoscopy Procedures

Dr. Sheila Harris, CRNA is a Certified Registered Nurse Anesthetist (CRNA) with over 10 years of experience who specializes in GI Anesthesia and sedation in both in

an inpatient and outpatient setting. She also practices general and regional anesthesia across the age continuum for a variety of cases and procedures. Sheila believes that continual and/or repetitive exposure to GI patients are necessary to identify their unique risks and challenges in order to provide safe and competent anesthesia care. In addition, Sheila acted as Chief CRNA for an outpatient endoscopy center connected with Penn State Health for almost 4 years. She won the Division of Health Sciences Orvis School of Nursing Director's Award. Sheila holds a Doctor of Nursing Practice and a Bachelor of Nursing from the University of Nevada, Reno and a Master of Science in Nursing from Villanova University in partnership with Crozer-Chester Medical Center.

At the conclusion, participants will be able to:

1. Recognize red flags of pre-procedural evaluation for risk assessment prior to EGD and colonoscopy.
2. Articulate the necessity to pre-treat certain patient conditions (bradycardia, dehydration, hypoxia, tachycardia, migraines, etc.) and the interrelationship between gastroparesis, GERD, obesity, and sleep apnea.
3. Summarize the significance of the Chemoreceptor trigger zone (CTZ) and Integrative Vomiting Center (IVC) in relation to the Gut Brain Axis (GBA).
4. Integrate the unique challenges and components of EGDs and colonoscopes in future practice.
5. Appreciate the idiosyncrasies of individual GI providers.
6. Practice vigilance to prevent and treat adverse GI outcomes.

12:20 – 1:20 p.m.

Luncheon

1:20 – 2:20 p.m.

Perioperative Considerations of the Cosmetic Surgical Patient

***Abdollah Malek, M.D.** grew up in Tehran, Iran. He lived as an exchange student in Wahpeton, North Dakota before returning to Iran and graduating from Tehran University School of Medicine in 1976.*

Dr. Malek finished his training in general surgery and became board certified as a general surgeon and completed his training and became a board certified plastic surgeon thereafter. He subsequently completed a fellowship in head, neck, reconstructive, and cosmetic surgery at MD Anderson Hospital in Houston, Texas before returning to Wilmington in 1984.

Since then, Dr. Malek has been in practice for plastic and reconstructive surgery and has changed alongside the innovative and technological growth that is forever changing within this field. A significant number of patients are great candidates for non-invasive or minimally invasive surgeries, with smaller or no incisions, allowing short recovery times and very natural results. Many plastic surgeons market that they "specialize" in a specific surgery/area, but Dr. Malek places a strong emphasis on being a variety-skilled surgeon. He performs numerous procedures on multiple parts of the body because he understands that in order to produce natural, harmonious results, one area of the human body always compliments another. This is why being a surgeon specializing in one area, is not always the best solution, and Dr. Malek uses his multi-faceted skills to his advantage by being able to provide more natural, pleasing, and harmonious results.

At the conclusion, participants will be able to:

1. Review the preoperative evaluation, preparation, and safety considerations for patients having larger cosmetic surgical procedures.
2. Discuss the intraoperative considerations for the cosmetic surgical patient.
3. Discuss the tumescent technique for larger liposuction procedures and safe local anesthetic dosages.
4. Identify the postoperative course and recommendations for the cosmetic surgical patient.

2:20 – 3:20 p.m.

Advanced Hemodynamic Monitoring and Hemodynamic Optimization in the Cardiothoracic Surgical Arena

Richard Bengel MS, PA-C received a Bachelor of Science in Emergency Medicine UPMC and is a Former Paramedic. He also studied at MSPAS Philadelphia University. He held previous CVICU roles at Thomas Jefferson University Hospital and Rhode Island Hospital. In addition, he served as an Adjunct Preceptor Sidney Kimmel Medical School and Warren Alpert Medical School of Brown University and currently works in Current CT Surgery and Critical Care PA Virtua Our Lady of Lourdes.

At the conclusion, participants will be able to:

1. Identify standard hemodynamic factors and relationships between them.
2. Identify advanced hemodynamic factors.
3. Explore a simulation using minimally invasive hemodynamics in cardiac surgery.
4. Identify algorithmic paradigm for systematic goal directed therapy.

3:20 – 3:35 p.m.

Break

Sponsored by:

3:35 – 4:35 p.m.

Surgical Fire Safety – What You Really Need to Know

Darren Osleger is a Fire and Emergency Management Consultant at Jensen Hughes, a firm that provides fire and emergency management programs to more than 1,300 healthcare facilities in the United States and Canada. His work with the company includes detailed fire evacuation planning and training. Darren conducts fire evacuation training and conducts fire suppression and evacuation exercises at health care facilities throughout the country and has been involved with surgical observations to review fire safety practices.

Darren joined the company in 2007 after serving as a casualty adjuster for an Insurance Adjustment Service. Active in the fire services since the age of fourteen, Darren spent nine years as a professional fire fighter with the Vernon, Connecticut Fire Department and continues his service in a volunteer capacity. Darren graduated from the University of New Haven with a B.S. in Fire and Arson Investigation and deepened his education in emergency management through national training programs. In 2000, Darren completed a certificate program in Emergency Response to Terrorism with the National Fire Academy, and in 2006 earned an additional

certificate from the Department of Homeland Security for his study of the National Incident Management System. He has completed numerous adjunct courses in fire and emergency management including most recently the National Fire Protection Association Fire & Life Safety in Healthcare Occupancies Certificate Program. Darren currently serves clients out of our New England Region office.

At the conclusion, participants will be able to:

1. Understand how to prevention surgical fires from occurring throughout the use of risk reduction strategies the entire surgical team and utilize both prior to the surgical case beginning as well as throughout the procedure.
2. Know how to properly suppress a surgical fire in the patient and/or on the patient.
3. Understand how to evacuate using the building's life safety features (e.g., smoke barrier walls, fire barrier walls).

4:35

Adjourn

6:30 – 9:30 p.m.

DANA-PAC Fundraising Event at The Crab House

Join DANA for a fun Hawaiian-themed night raising money for the DANA-PAC. Registration is required and your \$75 ticket price includes buffet dinner and two drink tickets. The event will also feature a silent auction and raffle baskets. Come dressed in your finest Hawaiian luau attire!

Aloha! Join us for a fun Hawaiian-themed night raising money for the DANA-PAC!

DANA-PAC LUAU FUNDRAISER

Saturday, October 16, 2021

\$75 PER PERSON/NO CHARGE FOR SRNAS

INCLUDES: BUFFET DINNER AND TWO DRINK TICKETS. EVENT WILL FEATURE A SILENT AUCTION AND RAFFLE BASKETS.

DRESS: YOUR FINEST HAWAIIAN LUAU ATTIRE

SUNDAY, OCTOBER 17, 2021

6:30 – 7:15 a.m. Yoga Session with Danielle Cobb

8:00 – 8:30 a.m. Registration & Breakfast Buffet

8:30 – 9:30 a.m. It's Time to Regulate! Nursing Regulation & Independent Practice Update for CRNAs

Ronald R. Castaldo, Ph.D., MBA, MS, CRNA, APRN is a staff nurse anesthetist with Anesthesia Services P.A., Past President of the Delaware Association of Nurse Anesthetists (DANA), FY 2021 Chair of the AANA Foundation Board of Trustees & Delaware State Advocate of the AANA Foundation, and Immediate Past President & APRN Member of the Delaware Board of Nursing. Dr. Castaldo received his Master of Science degree from Columbia University and his Bachelor of Science in Nursing and Doctor of Philosophy degrees from the University of Delaware.

At the conclusion, the participants will be able to:

1. Articulate the various nursing regulatory resources available to CRNAs to assist in the licensure and recertification processes.
2. Describe and assess the general functions of the State Board of Nursing (BON), including the Board's mission, levels of discipline for licensees, and the APRN Committee's role in granting Independent Practice to APRNs.

9:30 – 10:30 a.m. Cognitive Dysfunction: Anesthesia's Silent Side Effect

Mark J. Haffey MSN, CRNA, APRN is a Certified Registered Nurse Anesthetist at Avera McKennan Hospital and University Health Center in Sioux Falls, SD. He received his anesthesia training at the Wake Forest Baptist Medical Center Nurse Anesthesia Program including a Master of Science in Nursing from the University of North Carolina-Greensboro. His Bachelor of Science in Nursing is from Kansas University as well as a Bachelor of Arts in Biology from MidAmerica Nazarene University. Currently serving in his 20th year as a CRNA, his clinical expertise includes Otolaryngology, Ophthalmology, Oral Surgery, Plastics, and Vascular sections where he served as Service Specialist while at Vanderbilt University Medical Center. He has served on fluid management and patient satisfaction advisory boards as well as pharmaceutical advisory boards. Mark is also constantly looking for opportunities to advance and advocate nurse anesthesia practice. He also served in the ED and ICU of his hospital as part of a specialized COVID Team. Mark served as Vice President on the AANA BOD and has served in many leadership roles at both the state and national level. Outside of the OR, Mark serves as a youth sponsor for his church, which keeps him young at heart. Mark also enjoys spending his free time playing competitive softball, fishing, and hunting as well as being an AWESOME Dad to his two children Brooklyn(14) and Brett(13) who keep him on the go with Competitive Softball, football, baseball, and basketball, as well as a welcome participant in whatever game that can be made up. Mark and his wonderful wife Barbara also enjoy travelling and scuba diving.

At the conclusion, the participants will be able to:

1. Identify the signs and symptoms of cognitive dysfunction.
2. List anesthetic agents that impact cognitive dysfunction.
3. Identify patients that at higher risk for cognitive dysfunction.

10:30 – 11:30 a.m.

Holy COWS, How Do We Manage Perioperative Patients with Opioid Use Disorder?

Lisa Wallace MSN, APRN, FNP-BC Lisa Wallace completed her undergraduate work at Villanova University and then embarked on a twenty-year career in critical care nursing, including ten years as a critical care educator. During this time Lisa was a member of several organization-wide committees at Christiana Care and participated in various performance improvement projects. She was an integral member of the Magnet Education Team that prepared all Christiana Care staff for the organization's first successful Magnet Survey. As a facilitator of Christiana Care Health System's Nurse Retention Committee, she paved a path for the future nursing council system.

Lisa earned her master's degree in the family nurse practitioner tract at University of Delaware in 2009. For the next nine years, Lisa worked as a primary care nurse practitioner for two of Christiana Care Health System's internal medicine offices, serving primarily low-income patients. During this time, she assisted with developing and implementing Christiana Care Health System's Nurse Practitioner Fellowship. For the past 3 years, Lisa has worked for the Addiction Consult Liaison Service. Lisa's work as a nurse practitioner called her to be a member of the APRN Council, followed by chair-elect and chair. She has also been a member of Christiana Care Health System's Substance Abuse Steer. She also serves on the board of trustees for Ingleside Retirement Community which provides housing for low income seniors in our community and on the American College of Physicians Advisory Group for the management of chronic pain in the era of opioid de-escalation.

Lisa has been the recipient of Christiana Care's Nurse Ambassador Award four times. She has also been honored with Christiana Care's Nursing Excellence award, twice: once for her work in staff development and once for her work as an advanced practice nurse. She has been twice acknowledged by Delaware Today Magazine and the Delaware Nurses Association as one of Delaware's top nurses.

At the conclusion, the participants will be able to:

1. Articulate at least one statistic associated with opioid use and operative interventions.
2. Articulate at least one condition associated with IV opioid use that generally necessitates operative intervention.
3. Identify at least one preoperative intervention intended to ease the operative and postoperative course for opioid using patients.
4. Identify at least one operative intervention intended to ease the postoperative course of the opioid using patient.
5. Anticipate challenges in pain management for opioid using patients, in the postoperative period.
6. Identify the three medication assisted treatments available for opioid use disorder.
7. Have an awareness of the induction process for each of the above medication assisted treatments.

11:30 a.m.

Closing Remarks & Adjournment

Closing remarks by DANA incoming president, Carrie Kenney, MSN, CRNA, FNP-C, APRN and Professional Development Committee Chair, Barbara Bradbury, CRNA.

Electronic evaluations will be sent via email after the conference. Please stop by the registration desk to receive your continuing education certificate.

DANA thanks our Student Liaisons

These SRNAs are student nurse anesthetists from clinical sites in Delaware, who will be the representative for their class, to disseminate information to other students about legislative issues and activities pertaining to DANA (one per class from each of the nurse anesthesia programs). They are required to attend monthly DANA meetings.

- Brandon Hoskins, SRNA
- Jenna Zaldonis, SRNA

DANA Triple Threat

The DANA Triple Threat, created in 2013, is a program that acknowledges the generous contributions of DANA members. Each DANA member that contributes at least \$75.00 each to DANA-Political Action Committee (PAC), CRNA-PAC, and the AANA Foundation (total contribution \$225.00) will receive this honorable status.

Both the DANA-PAC (state) and CRNA-PAC (national/AANA) need your support! We know CRNAs are highly educated, cost-effective, and high-quality anesthesia providers. Your DANA Board and Committee members represent YOU every year on Capitol Hill in April, educating legislators on all aspects of a CRNA - who we are, what we do, and how we do it. Contributions to each PAC support candidates for legislative office on both sides of the aisle who are supportive of CRNA and APRN legislative issues.
